Spring Term 2013
International Student Enrollment Report**

This report represents statistics for international student enrollment at OSU during Spring term 2013. The report reflects Spring term enrollment as of the final week of the term. These figures include international students in degree, exchange and INTO OSU English Language and academic preparation programs. Even though International Student Advising and Services (ISAS) may provide services to students who are citizens or permanent residents of the United States and international students who are Distance Education students outside the US, these students are excluded from this report. For the purpose of this report, all students who are taking only Academic English or General English courses, including students in a Conditional Admission Program No TOEFL (CAPN) or Conditional Pathway Program, are counted as INTO OSU students. In this report students in the Conditional Admission Program (CAP) are counted at their respective undergraduate or graduate level since they are enrolled in a combination of degree classes and Intensive English courses.
