

## BRINGING DEPENDENTS TO THE U.S.

F-1 and J-1 students may bring their spouse and/or children to the U.S. on a dependent visa, known as an F-2 or J-2 visa. To apply for a dependent visa, the F-1 or J-1 student will first need to obtain a Certificate of Eligibility (I-20 or DS-2019) for the dependent by:

- 1) Making an appointment with an international student advisor to discuss funding requirements and other issues related to bringing dependents to the U.S.
- 2) Completing the Dependent Certificate of Eligibility Request Form and attaching a copy of the ID page from each dependent's passport as well as the necessary financial documentation.

Note: Dependents who plan to visit the U.S. for 6 months or less and engage in tourist activities may apply for a B-2 tourist visa.

### Documentation of Financial Support

A bank statement or other proof of financial support must be presented to the Office of International Services (OIS) before a Certificate of Eligibility (I-20 or DS-2019) can be issued. For the 2016-2017 academic year, students must document that they have a minimum of \$10,300 for the support of a spouse or child and \$4,500 for each additional dependent. **This funding is in addition to funds used for your own expenses.** For more information go to <http://international.oregonstate.edu/ois/forms-and-documents> and view the "Finances" section.

### Health and Accident Insurance

The State of Oregon requires all international students *and their dependents* to carry health and accident insurance throughout their stay in the United States. Federal regulations specifically require health insurance for J-1 visa holders and their dependents. Students with dependents are responsible for enrolling them in a health insurance plan. For information regarding OSU health insurance options, please visit: <http://studenthealth.oregonstate.edu/internationalplan>

### Cost of Medical Care

OSU Student Health Services is available to OSU students only. Dependents will need to seek health care in the community. A typical office visit may cost \$80-\$150 dollars if not covered by insurance. The average cost for a hospital stay (not including medical supplies, surgery, nursing care, medication, etc.) is about \$400-800 per day. An unexpected illness or accident can cost thousands of dollars. Good health insurance coverage is very important.

### Registering for Classes

Dependents on an F-2 visa are allowed to study only part-time in either a degree or non-degree program. Please speak to an international student advisor for more detailed information about F-2 study options. Dependents on a J-2 visa are allowed to study part-time or full-time in either a degree or non-degree program.

### Employment

Dependents on an F-2 visa are NOT allowed to work at any time during their stay in the U.S. Dependents on a J-2 visa are eligible to apply for employment authorization from the United States Citizenship and Immigration Services (USCIS) as long as the employment is not for the purpose of supporting the J-1 student or scholar. Please see an international student advisor for more information or view the J-2 Employment Authorization form on the OIS website.

### Primary and Secondary School Enrollment

To enroll your children in Corvallis Public Schools, please obtain the following documents from your home country:

- An official birth certificate, a signed hospital certificate, or a passport as valid proof of your child's birth date
- Official copies of the child's school records
- All immunization records with names and dates of vaccines received. Required immunization for all school-aged children are diphtheria, tetanus, measles, mumps, rubella, and polio. In addition, some children from outside the United States must be screened for active tuberculosis infection.

### Crossroads Conversation School for Wives

This is a non-religious volunteer program which meets twice weekly in small classes and offers beginning to advanced instruction in English. The cost is minimal and limited childcare may be available for an additional cost. The school is not only a place to learn English, but also offers a social environment where women from all over the world can make friends and feel more at home in the community and culture. Further information and enrollment forms are available in the Office of International Services or online:
