What is COBRA? COBRA, a 1986 Act passed by the US Congress, provides you and your family the right to continue health coverage at group rates after your assistant-ship ends. In this case, COBRA allows you to maintain your current PacificSource insurance.

How is it different? You pay 100% of premium instead of 25%

Premium costs:
- Student only – about $200 a month
- Student/Spouse or Partner - about $400 a month
- Student/children - about $400 a month
- Student/spouse or partner/children - about $600 a month

While this may seem expensive, it is usually cheaper than trying to get other comparable coverage for this period. Contact Erin Palmer at Erin.Palmer@oregonstate.edu with any questions.

Why do I need it?
State and/or federal laws require you to have adequate health insurance for you and your family as long as you are in the US on an F-1 or J-1 visa. Lack of health insurance could negatively impact your immigration status. Additionally, gaps in health insurance coverage may cause you to be subject to “pre-existing conditions” when you re-enroll.

How do I sign up? This COBRA insurance is administered through Manley Services (541) 485-7488.

To enroll:
1. Complete COBRA Notification Form at Student Health, Room 110.
2. Turn form in to Student Health Insurance before July 30th
3. Manley Services will mail application to you within 14 days. Complete application and send to Manley Services within 30 days
4. Pay your premium directly to Manley Services

Spring term (value: approx. $17,000)
