Experience Abroad

The international degree requires the student to spend a minimum of 10 weeks overseas engaged in one of the following experiences:

- (1) a study-abroad program,
- (2) an international internship,
- (3) an international research project, or
- (4) an approved previous international experience.

The student is expected to complete their experience abroad in a country in which the language he/she is using to complete the foreign language requirement is spoken. The International Degree Committee will consider exceptions on a case-by-case basis, upon recommendation of the primary degree department.
