

CONCURRENT ENROLLMENT

International students who would like to enroll at Oregon State University (OSU) and another SEVIS-approved school at the same time should request permission for “concurrent enrollment”. You should meet with an International Student Advisor and meet with your Academic Advisor in your department to obtain your advisor’s recommendation **prior** to the term for which you would like to take concurrent enrollment.

- Students must be fully-admitted OSU degree students and enrolled for a minimum of **3 credits on-campus at OSU** to be eligible for “concurrent enrollment”.
- Total enrollment at both schools must amount to a full course of study (12 credits for undergraduate students and 9 credits for graduate students). **No more than one of online classes** can count toward full-time enrollment per term (at either school).
- If you are enrolled in the [Degree Partnership Program \(DPP\)](#) or need multiple terms of Concurrent Enrollment, you will need to enroll in concurrent enrollment **each term** to have those classes count for immigration purposes.
- If you are a sponsored student, you will also need to check with your sponsor to find out if there are any restrictions to taking or paying for classes at another school while at OSU.*

This completed form must be received in the Office of International Services no later than the end of the 2nd week of classes of the term for which the request applies.

PART III (to be completed by sponsored students only)

Taking courses outside of Oregon State University without the approval from your sponsor may have adverse consequences on your funding including the discontinuation of your sponsorship. It is your responsibility to consult your sponsor before registering for a course in a different university. If your sponsor approves you for the concurrent enrollment this term, you must work with your sponsor directly to attain an official Financial Guarantee for the course/s and the school you would like to attend outside of Oregon State University.

I acknowledge that I have read and understand the statement above.
